

# The Definitive Worksheet to Optimize Your LinkedIn Profile Headline

## What is your Headline and where is it on your profile?

It is located in one of the most prominent and important positions on your profile—just below your name. It can include up to 120 characters, including spaces and punctuation.

## Why is your Headline important?

1. It is one of the first things people read when they:
  - Review your profile
  - See your status updates
  - Look at group discussions in which you've participated
  - See comments you've made when sharing other people's status updates
  - View your photo on your company page
  - Find you with an Advanced People Search
  - See you in their list of "Who's Viewed My Profile"
  - Locate you with a University page search
  - See you in their "Recommended for you—People" list
  - Review their inbound invitations

Sometimes your Headline even shows up without scrolling over your name/photo. Consider it your bumper sticker or a shortened version of your elevator speech.

2. The words used in your Headline are given extra weighting in LinkedIn's search algorithm.

## What are the overall goals and objectives for your Headline?

- Provide readers of your profile with a short, concise statement of who you are and how you can help them
- Dramatically improve your findability by strategically placing the right keywords in your Headline
- Encourage people to look at your entire profile, where they can see your full story and find a reason to engage with you

## Examples of good headlines (narrative and keyword styles)

**Data Scientist, Direct Marketing & Catalog Consultant, Customer Modeling & Analysis, International Speaker & Author**

**Web Entrepreneur | E-marketer | Author | Visual Thinker | Innovator**

**Operations Leader in Key Performance Design Measurements - Positive Financial Outcomes from New Lean Methods & Success**
